Dear Randy;

Re: Reference
Our File No.

I was delighted to be asked by you for my comments on the projects you have done for us.

Perhaps the most important comment I might make is that simply in all respects you are trustworthy.

The quality of the work brought which the quoted budget was exceptional. Your eye to the artistic elements of the project formed an integral part of your skill.

From the very start of the project to the end in all respects it was a pleasure dealing with you.

The most important criteria that I believe prospective clients should be aware of is that you and your company performed the projects quickly and within the time frame and budget quoted.

There was never once where I felt our projects were lingering while we waited for materials or your crews to be finished on another job. I recommend you highly.

Yours respectfully,

David A. Payne
